

## Literacy Testing Calendar

All pupils from Year 7- Year 11 are tested over the course of the academic year, using an online software package from GL Assessment. The test is the NGRT test.

Please see below the testing structure:

<b>When</b>	<b>Who</b>	<b>Rationale</b>
September	Year 7	All students tested to determine a baseline for incoming Y7 students
February	Y7-11	Students who have received an intervention are tested to determine the effectiveness of the intervention.
June	Y7-10	All students are tested after the Y11 exams have been completed to provide an updated data set for the following academic year.

Please see below the link to the GL Assessment website:

The results from the comprehensive reading assessment provides all the insights needed to guide literacy growth for emergent readers, struggling readers, and high achievers. The software populates a reading age and transforms assessment data into practical guidance and next steps for teachers and leaders, giving them helpful insights and tools to strengthen instruction.
