**Dear Ms Garner**

### **The inspection of All Saints Catholic College**

Thank you for the statement of action for the above named school.

This statement has been evaluated and as it fulfils the requirements it is 'fit for purpose'.

However, the plan would benefit from:

Inclusion of quantitative targets for pupils' achievement to cover year groups other than Year 11. This will enable governors to evaluate outcomes more precisely.

Inclusion of a management calendar to show how actions across the priorities in the plan will affect the work of staff, leaders and governors month by month.

Checking that the leads for priority areas are not also responsible for monitoring completion of tasks. (Priority 8 appears to be led by the headteacher and also monitored by the headteacher).

The impact of these actions on the improvement of the school will be evaluated when the school is next inspected.

The support provided to a school in special measures or with serious weaknesses is a fundamental element of the school improvement process and I wish you well in your work with the school.

Yours sincerely

**Shirley Gornall**
