All Saints Catholic College Mission Statement

### **Mission Statement**

We are a Catholic community dedicated to providing an excellent education to all of our pupils so that they fulfil their ambitions and exceed their expectations. We work together as a family through mutual respect so that everyone succeeds academically and grows spiritually.

### **College Prayer**

Loving God,

Inspire us to be excellent in everything we do at All Saints.

Help us to respect all members of our community.

Enable us to use our gifts and talents to the best of our ability, so that we succeed on our chosen path. Amen.

# FACTUAL INFORMATION ABOUT THE SCHOOL

#### The school's context and, particularly,

#### any significant changes in its circumstances since the last inspection

We are smaller than average Catholic 11-16 Academy. Since the last Denominational inspection, the school has undergone significant transformation in all areas. In July 2018, Ofsted undertook a section 5 inspection which removed special measures and deemed our school as 'Good' with 'Outstanding' personal development and welfare. Results have improved each year moving from a P8 of -0.88 in 2017, to -0.055 in 2021. We look set to have a positive P8 score in 2022.

Our school attracts predominantly white British working class pupils with high levels of disadvantage and low levels of pupils with EAL. Our number of disadvantaged pupils on roll is increasing over time. As a Greater Manchester school we naturally attract a diverse population of pupils and this trend is set to continue. We are currently experiencing a rapid increase in the number of pupils on our roll because of our Ofsted judgement, rapidly increasing outcomes and excellent parental perceptions. Working with Tameside we have determined to increase our PAN for the next 3 academic years to 180. Currently in the Year 7 cohort commencing in September 2021 we are full with 183 pupils joining us. We had 16 appeals of which 3 were successful. We also determined to offer a place above PAN to a LAC pupil with SEND as the Virtual Head believed that we were the most suitable school for this young person. In September 2019 we were full in Year 7. In September 2018 we had 595 students on roll and by December 2019 that has risen to 665. As of April 2021 we were 701.For the 2020-21 Year 7 cohort we were full and for the first time in over 10 years had appeals for places. From September 2021 we have increased the PAN for Year 7 to 180. That year group is full and we have 17 appeals. Currently we have 765 pupils on roll. We have a low, but increasing, percentage of practising Catholics. We have a higher number of pupils who have chosen All Saints as their first choice and are coming from our feeder Catholic primary schools.

We have a stable staffing body which has only seen one member of staff leave during academic year 2017-2018 and two staff leave at the end of July 2019. This has provided students with a sense of security and consistency. Within the RE department we have also seen a more stable and growing staff body including an appointment of a Second in Department with a lead in the Chaplaincy life of the school as well as three full time teaching staff, two specialists and one who has recently completed their CCRS qualification. Our RE department remains one of the strongest departments in the school and is certainly the most stable department over the last 5 years, providing the consistency and quality that was much needed during the times of turbulence and change.

Outcomes since 2017 have improved across the school and in RE. Despite the increased rigour in the RE GCSE, outcomes have maintained and are in line with or better than other core subject areas. More able pupils perform significantly better in RE than in other core subject areas. Throughout special measures monitoring visits and in the section 5 inspection, RE has been regarded as a key strength in the school with comments such as 'outcomes were stronger in some subjects, notably in religious education' (section 8 4-5 October 2016), 'in Religious Education...pupils made rapid progress because of high quality planning, the teachers' secure subject knowledge and extremely high expectations', 'pupils' progress in religious education is good' (section 8 27-28 June 2017), 'pupils make strong progress in ...religious education because teachers design learning that meets their needs' (section 8 12-13 December 2017), 'the quality of teaching in religious education...is especially good', '(in key stage 3)...pupils make particularly strong progress in ...religious education', '(in key stage 4) current pupils have made consistently good progress in many subjects for example...religious education' (section 5 12-13 July 2019).

We are a school that truly represents our local community. We recognise whilst some of our pupils come from backgrounds where they receive strong support in relation to their education, some of our pupils come from backgrounds where there is not a strong family tradition of learning and where ambition and aspirations are low. Some of our pupils have low literacy skills on entry, and the associated lack of key vocabulary is a barrier to progress. Many also lack some of the rich, cultural heritage of children in more advantaged areas. We are also attracting a number of students who have experienced behavioural difficulties in their education. As of July 2021 we were in the top three of the Tameside schools for fair access. This is the case in September 2021 where we are in the top 2 schools. This is out of 15 other schools, We have been within the top three schools for over five years. This indicates that we are consistently taking in and welcoming students who have myriad and diverse

needs, which have often gone undiagnosed. We regard our school as the one constant in these pupils' lives and as their source of support. As a result, we accept the impact these pupils will have on our outcomes in turn for maximising their life chances. Our pastoral care system was rated as outstanding in the July 2018 section 5 report from HMI and we seem to be 'bucking' the trend in terms of behavioural statistics.

In terms of the number of declared Roman Catholic children on roll, that number has also been variable for the Year 7 intake of the last three years. This naturally has impacted on the children's understanding of Catholicism and acts of Catholic worship and the Year 7 RE curriculum has been adapted in response to this and is in line with the Shrewsbury Diocese guidance on KS3 teaching following the People of God scheme. We have also extended the number of faith opportunities for the Year 7 starters to educate and 'ground' them in the Catholic life of the school. The liturgical calendar starts at transition evening in which parents are given a prayer card as a piece of Catholic artefact to keep. There is also a welcome mass for our new Year 7 pupils and their parents where we give them a decorated cross again to keep in their homes. From there we ensure that our Year 7s are given a number of liturgical and Eucharistic celebrations throughout the year and we have introduced a trip to St Mary's chapel for the Year 7s so they can see inside a place of Catholic worship. These liturgical celebrations continue throughout their time at All Saints. We now have stronger links with our local parish, St Mary's, which include regular meetings with Father Oliver, a clear chaplaincy schedule for the academic year, celebration of year masses, celebration of the carol service at St Mary's, reconciliation services, Ash Wednesday service as well as Year 7 and 8 pupils attending mass at St Mary's. All of our Year 7 pupils in 2019 and 2020 have completed their Pin Award in Faith in Action. We also have retreats that have been planned and delivered for Year 7, 8 and 9 with the next step being for a retreat with Year 10 being organised.

As a small school, resources are also limited however we take steps to minimise this impact on delivery of the curriculum through high quality teaching. We ensure that we follow the Diocesan directives on the teaching time given to RE and we resource RE in line with other core departments.

The impact of that plan has been seen throughout the school . All of the development areas from that plan have been met. The Catholic Life of the College is a key element of the new SIP for 2018-2021. That SIP is regularly reviewed and updated by the SLT, as well as Governors, and forms the basis of Department development Plans for the next academic year.</li> <li>The Catholic Life of the college is one of the three key priorities that have been addressed by SLT and staff and forms part of our main school development of staff in their understanding of the faith school as well as being given the opportunity to develop their own faith life and in turn being able to support that of the pupils.</li> <li>Our plans for Catholic life of the school.</li> <li>A chaplaincy plan is devised each year with time given to staff to implement that</li> <li>All Year groups, in both KS3 and 4, have more than 10% taught RE time. We have been able to add to the number of full time RE teachers in 2019 and 2021, and other staff have completed their CCRS. This has raised the profile of RE as a core subject with staff,</li> </ul> |

| 3. Revisit the Core Values with staff and pupils so that their impact is<br>understood within the context of the Gospels and the Catholic mission of<br>the college.                        | <ul> <li>The core values have been reviewed and pride has been replaced with resilience. This was done in consultation with the staff who determined that this was a preferred core value. The core values, their meaning, and how the students can live them in their daily lives are central to the acts of Collective Worship and are presented in the form of a hand so that the imagery is clear for the students. This forms the basis of all acts of Collective Worship and the core values are revisited individually in the collective worship/. | 4. Provide Chaplaincy provision within the college with a clearly defined and costed structure which ensures a coordinated approach offering continuity and development across the college. | <ul> <li>The role of second in RE has been created with a main focus of chaplaincy. This is currently being undertaken by Monika Timkovicova and supported by two colleagues within the RE department and also the Head of Performing Arts. Chaplaincy provision has included the development of prayer books for form times, the development and running of retreats for pupils and staff as well as INSET training, celebration of mass and key Catholic events, the setting up of our own CARITAS group and the successful implementation and completion of Faith in Action with the full cohort of Year 7 in 2019-2020 and 2020-2021. We have also engaged with the Diocese Youth Ministry Team through Deacon Anthony Zidan in Stalybridge Parish.</li> <li>Additional time has been found in the calendar in 2021-22 to ensure that the chaplaincy plan can be implemented</li> <li>Ongoing financial caution mean we cannot afford a full time Chaplain, we buy in 1 day of support from Caritas to help engagement of hard to reach families. We still aspire to appoint a full time Chaplain but this may likely be sahred with the key primary schools in the area.</li> </ul> |

| 5. Develop and sustain links with parishes to ensure that sacramental provision can be made available and the Eucharist can be celebrated on a regular basis. | - We now have a strong link with Father Oliver from St Mary's and a clear chaplaincy calendar to ensure that the Eucharist is celebrated and received on a regular basis at the school.   |
|---|---|
|   | <ul> <li>Prior to lockdown there were visist to Primary schools but the links between our 5 main feeder catholic primary schools (as well as St John's remain). Transition is now very much improved and has continued to be meaningful despite lockdown.</li> <li>Every year group now has the opportunity for sacramental provision and to receive the Eucharist and this has been extended further to include liturgical celebrations of Advent, Lent and Years 7-9 enjoy an annual Retreat. Father Oliver meets with the Chaplain at least five times a year and has regular meetings with the Head and Deputy. Father Oliver celebrated the staff masses and liturgies in 2018-2019, and was due to celebrate the end of year staff mass in 2020 but this was prevented due to COVID. Our pupils have celebrated Mass and also visited St Mary's Chapel. Father Oliver is our link Governor for Catholic life and was also the key Governor on the panel for the appointment of the new assistant head. Sandy Fairley from the Youth Ministry team was recently appointed as a foundation governor.</li> </ul> |
| 6. Consider the impact of option choices in KS4 and how they impact on groupings within RE and the delivery of the curriculum.                                | <ul> <li>RE is now timetabled with English for all KS4 classes this allows the<br/>Head of Department to be involved in the banding of students in<br/>KS4 which has ensured a more even spread of pupils within each of<br/>the groups.</li> </ul>   |

## STANDARDS OF ATTAINMENT DATA

Data for current and previous years - to be used in discussion with inspectors. It is recognised that schools record achievement data in a variety of ways, particularly at KS3. The tables below provide a guide as to the information that inspectors will be considering. Schools wishing to provide information in a different format for Inspectors can be assured that any and all performance data will receive careful scrutiny and consideration.

## **OVERALL EFFECTIVENESS**

### **OVERALL GRADE: Good**

#### How effective is the school in providing Catholic Education See Diocesan Inspection Schedule: Page 5

The overall effectiveness of Catholic life and RE has rapidly improved within the context of a rapidly improved and improving school and is now good.

- Our mission statement has been co-constructed by staff, parents, pupils and governors. This is lived and breathed by all stakeholders and underpins our rapid transformation, joyous ethos and focus on excellence. It is now displayed around the school and is consistently brought into acts of assembly
- Our Governing body and Directors are fully committed to the Catholic life of our school. They hold leaders to account to the quality of the Catholic life of the school, visit school regularly and are very supportive of the work of leaders and staff. All aspects of Catholic life are reported regularly to the Governing Body via the Headteacher's reports
- Leadership in the school is ethical, positive and supportive of all staff and pupils. Leaders model leadership within the Catholic ethos.
- The RE department is strong and is at the heart of our school. The department leads our Catholic ethos with passion and dedication. The standards of teaching in RE have been excellent even throughout historic challenging times and during Covid and lockdown with pupils fully accessing work. The department have been at the forefront of the positive transformation of our school. From September 2021 we will have a department which consists of four specialist teachers and one who has undertaking the CCRS to ensure their subject knowledge in RE. This staff member also acts as a Teacher Coach and is part of the support in place for teachers to develop their pedagogical practice.
- Pupil voice in relation to RE is strong. This is evident in surveys, parent surveys and Ofsted reports. Pupils not only accept RE as a core subject in the school but as a vital part of their education to develop themselves as well rounded individuals who will contribute positively to our local community both now and in the future.
- Pupils are involved in regular liturgies, whole school masses and retreats. Acts of worship, prayer and assembly continued throughout the lockdown
- Prayer life is regular and pupils have the opportunity to pray in the morning, write prayers and undertake reflection. Pupils have also participated in and lead weekly acts of assembly with their year group. This will be re-engaged in 2021 after the disruption of lockdown but prayer life continued during lockdown and pupils self isolating have also had access to the morning prayers sent out each week by the Chaplain.

- Each form is allocated a saint to learn about. This is so that they can see examples of Christian teachings in action including well known saints and modern saints and how they link to our core values.
- Outcomes in Year 11 have improved since the previous inspection. Since the change in the GCSE grading system, they have remained stable in the face of increased challenge, low literacy levels and historic turbulence. Despite the challenges faced to schools and pupils throughout the pandemic as well as the changes in the awarding of grades, pupils in RE were still able to achieve good grades in 2021. We have had 23.8% of pupils achieve grades 7-9, 54.8% grade 5-9 and 69.9% achieving 69.9%. Although slightly down on the grades achieved in August 2020, when there was a lack of guidance from Exam Boards on how to award grades, from 2021 have improved on our grades achieved in 2019, the last time pupils experienced a similar rigour in achieving their grades. In August 2020 24.14 of pupils achieved grades 7-9, 56.03 achieved 5 plus, and 70.69 achieved 4 plus. In August 2019 20.7% of students achieved grade 7-9, 50% achieving grade 5 -9, and 65.5% achieving grade 4-9. In August 2018 17.43% of pupils achieved grade 7-9, 42% achieving 5-9, 51.3% achieving 4-9 and no pupils receiving an unclassified result. Our results were in line with other schools of a similar demographic and show the challenge of the proportion of Catholics on roll, overcoming historic weaknesses in other core areas and low literacy levels.
- From our Ofsted report of 2018 overall school results are graded as RI. RE results are improving over time, and there is a real high quality of education and pedagogy in RE (shown in books and lessons). We do accept that there has been a lag in impact on terminal outcomes up to the 2020 cohort, and results still require improvement to be in line with the national average which in 2019 was 71.9%. However, they are in line with other core departments and are on an upward trend and were only 2% short of this in 2021 (at 69.64%). From 2016 there is a huge increase in results in RE and this mirrors the picture on year on year school improvement.

Currently in the department we have five teachers who are consistently good – outstanding in their teaching practice. To prepare students for KS4 we ensure that our teaching in KS3 allows for a strong foundation of the Catholic Teachings as well as exploring philosophical and ethical issues and covering other main world religions. We believe that with a specialist team delivering KS3 will have a positive impact on outcomes as well as building pupil knowledge from those who have not come from a Catholic primary or are not practicing Catholics. Pupils enjoy RE and do want to achieve in the subject.

As a result of a strong leadership team in the school, training, and a committed chaplaincy team, as well as a secure department we also have an outstanding pastoral team who offer support to all of the pupils, especially the most vulnerable, to ensure that they can progress academically and also as individuals who have a significant role in this world. The school has been on a rapid journey to become a good school which has enabled us to provide a provision of Catholic education which has improved to being good. Our aim is to be outstanding and this vision is shared by stakeholders. We have a clear development plan for the school which has a specific strand on the Catholic life of the school which has a number of actions which we have already achieved and also a number of new initiatives that we intend to undertake over the next academic year to further develop our Catholic community. Through the securing of permanent teaching staff and a full-time pastoral team we will be able to see a further impact on the behaviour and attitude of students. As such their engagement within the spiritual life and with their own spiritual development will increase and their attitudes will become even more positive. During lockdown the religious life of the school has remained paramount. Liturgical events have been celebrated remotely, and acts of assembly (formerly known as Collective worship) have continued remotely as well.

# What does the school need to do to improve further? (Areas and actions to be taken)

- Reintroduction of retreats and ensure that all year groups have a retreat (see SIP)
- Continue to develop links with Diocesan Youth Ministry Team. This is so that pupil leadership of the Catholic life increases.
- Continue to develop links with other faiths so that pupils strengthen their respect for diversity in our multi-faith communities.
- Further develop staff retreat programme and links to the St Anselm Deanery Days.
- Further development of staff and pupil engagement in all years leading prayer/assembly re-engage all pupils with opportunities to lead in prayer. Continue programme of staff training so that staff feel increasingly confident in leading prayer/assembly in their forms and whole school.
- Use of the chapel for the celebration of prayer life so that it is strengthened as the heart of the school.
- Embed the GCSE curriculum further to increase outcomes and maximise the impact of strong teaching.
- Embed the SOW for KS3 which is fully aligned with the current Diocesan Curriculum Framework and has been developed with the People of God schemes. This is so as to ensure pupils in KS3 are also receiving a rigorous education in preparation for KS4 and the challenge of the GCSE.
- Continue to work as a cluster group with schools in the diocese who are also completing the Edexcel GCSE. This is so that we can share and learn from best practice through our Diocesan family.
- Full induction for our new member of staff so they feel supported and able to educate our pupils to the highest standard.
- Further grow the staffing in the department as the school continues to grow so that religious education maintains its status as a strong core subject.
- Establish a highly effective model for Chaplaincy as the school grows. Look at possibility of sharing a Chaplain across our partner primary schools.
- Train staff in the language of 4 Cardinal Virtues, Made in the Image of God and ensure that these are embedded after 2021-22

In order to improve, the school will -

- Ensure that students in every year group from 7-10 will access a Retreat. Currently we have Year 7 9 retreats implemented although these have been impacted by Covid.
- Develop the work of the Caritas group and link to external groups working on environmental issues
- Extend the provision for students to be able to complete the sacrament of confession before Easter
- Allow for the hymn Servant king to be sung in all whole school events i.e. End of Year Prize evening
- Further develop the singing of hymns where staffing allows
- Ensure that the 2021-22 collective worship/ assembly rota allows more opportunities for students to lead acts of collective worship
- Ensure that 2021-22 collective worship/assembly rota includes the 4 Cardinal Virtues/ Made in the image of God
- To move away from the language of collective worship and return to the use of assembly, prayer and liturgy

In order to improve, the school will -

- Reward structure to be reviewed in 2021-2022
- Reduce the number of fixed term exclusions in 2021-22
- Work closely with the Tameside TPRS to set up an alternative provision package
- Link with Tameside SEND and be part of the SEND forum for change
- Review the RSE policy and provision and map all aspects across whole school in 2021-22
- Review whole school SMSC provision and map this across the curriculum
- Review the PSHCE provision for2021-22, so that pupilss are embedding and building upon their knowledge
- Review possibility of bespoke PSHCE on the timetable based on timetable changes
- Plan for the potential of having PSHCE as a bespoke timetabled subject for 2022-23

In order to improve, the school will –

- Make sure that there is always part of the full INSET days and one twilight session linked to Catholic ethos and Catholic life
- Survey staff needs linked to Catholic life and what areas they would like support with
- Support families with Catholic artefacts so that they have items at home in 2021-22 this will be a prayer booklet to take home from the Year 7 Welcome Mass

In order to improve, the school will -

- Explore opportunities to visit other places of worship specifically a synagogue
- Embed the whole school initiative on hinge questioning and the science for learning
- Engage in coaching programme to grow teaching and embed high leverage initiatives
- Review revision strategies in line with whole school training
- Continue to develop RE specific literacy and strategies to embed literacy in line with whole school work
- Bring results in line with national averages through the continued embedding of high quality literacy, Catholic experiences and challenging resources.

In order to improve, the school will -

- Continue to embed the science for learning to support teaching across the department.
- Embed whole school strategies linked to revision
- Develop pupils' cultural capital and literacy through wider educational experiences.
- Continue to monitor and support new teachers within the department.
- Focus on raising outcomes in year 11
- Laisse with other Diocesan schools to develop a scheme of work for lower ability pupils that meets the Bishop's curriculum requirements

In order to improve, the school will -

- Provide ongoing training for staff in relation to prayer and collective worship
- Use INSET time to reaffirm the reason for Catholic education and why we are here
- Support new staff, including in RE, so that they settle well into our Catholic ethos and All Saints family
- Provide ongoing programme of staff and pupil retreats
- Strengthen links with Diocesan youth ministry team so that pupils have the opportunity to experience wider voices and experiences in relation to Catholic life..
